- **Honors:** Hispanic Scholarship Fund Recipient, Florida Bright Futures Scholarship
- **Relevant Coursework:** Operations Research I, Human Factors & Ergonomics, Data Analysis I, Data Analysis for Industrial Applications, Matrix & Numerical Methods, Engineering Economy, Engineering Mechanics – Statics, Computational Linear Algebra, Computer-Aided Graphics & Design (CAD), Financial Accounting

PROFESSIONAL EXPERIENCE

Building Engineering Consultants, Inc. (BECI)

Project Manager/Engineer Intern

Miami, FL, USA

June 2025 – August 2025

- Conducted detailed on-site inspections (balcony/railing, moisture/infrared, stucco, roof), to assess structural integrity per Florida building code; delivered detailed reports guiding developers on required repairs for compliance
- Assisted with QA/QC walkthroughs and evaluations; generated comprehensive technical reports for developers and contractors, contributing to documentation used in repairs, legal cases, and long-term maintenance planning
- Attended high-level client meetings with the branch manager and business development team, collaborating with developers, subcontractors, and officials to discuss scopes, timelines, budgets, and engineering solutions

Locatel Pharmacy

Data Analyst Intern

Hallandale, FL, USA

May 2024 - August 2024

- Supported supply distribution operations by analyzing customer order data and assisting with daily inventory management, ensuring accurate and timely stock availability across the pharmacy's product lines
- Maintained and organized warehouse inventory systems, tracking 100+ pharmacy products to improve accuracy of stock records, support efficient day-to-day fulfillment operations, and reduce excess inventory waste
- Compiled and managed vaccine administration data for regulatory reporting, ensuring accurate record-keeping and full compliance with state and federal public health documentation requirements

LEADERSHIP & PROFESSIONAL DEVELOPMENT

TAMID Group

Investment Analyst

Gainesville, FL, USA

September 2024 – Present

- Conducted U.S. market entry analysis for Scoutrix, an AI-powered basketball player development platform, identifying key partnership targets and recommending a go-to-market strategy aligned with the U.S. sports technology landscape
- Developed a marketing strategy for ClariFruit through SWOT analysis, competitive research, and consumer segmentation to recommend a successful U.S. market entry plan aligned with industry trends
- Researched AI trends in agriculture, analyzed financial data, and developed growth plans including LinkedIn Ads, a U.S. pilot program, and targeted marketing campaigns with a 12-month rollout strategy

Management Leadership for Tomorrow (MLT)

Career Prep Fellow

Bethesda, Maryland (Remote)

February 2025-Present

- Selected from a highly competitive pool of 3,000+ applicants for an elite 18+-month leadership development program designed to accelerate careers in business and prepare future industry leaders
- Engage in rigorous business case studies and high-impact projects to strengthen problem-solving, analytical, and strategic communication skills through real-world applications and executive mentorship
- Collaborate with Fortune 500 executives and industry leaders through exclusive seminars, networking events, and professional development workshops, gaining insights into corporate strategy and leadership

Society of Hispanic Professional Engineers

Industrial Engineer Member

Gainesville, FL, USA

January 2023 – Present

- Contributed to professional development efforts for Latino engineers by organizing tutoring workshops, facilitating mentorship meetings, and fostering an inclusive environment for academic and career growth
- Applied analytical and problem-solving skills to support SHPE UF's mission by streamlining event planning processes and identifying opportunities to increase member engagement and community outreach
- Coordinated and facilitated tutoring workshops for Calculus II and Statics, directly supporting underclassmen in two of the most challenging engineering courses at UF and contributing to improved academic outcomes for Latino engineers
